

REMARKS

Examiner Jung telephoned the undersigned on 05/09/2005 indicating that the application would be allowable but for a double patenting rejection that she was prepared to make in an upcoming Office action vis-à-vis the parent of the present application, which has issued as U.S. Patent 6,631,118.

It was agreed that rather than that Office action being rendered, applicant would voluntarily file a terminal disclaimer relative to the parent application. This Amendment is accompanied by that terminal disclaimer.

It is thus believed that the application is now in condition for allowance and reconsideration is requested.

Respectfully,

Michael B. Jones
